Parent and Child A: (4 months - 2.5 years)

Parent and child class where children learn basic water adjustment through play and song.

Parent and Child B: (18 months – 4 years)

Parent and child class where children learn beginner swimming skills and water safety skills.

Parent and Child C: (2.5 years – 4 years)

Advanced parent and child class for those who have taken 2 sessions in our parent and child class or prior approval by the swim director. Students must feel comfortable going underwater and able to jump from the side of the pool.

Level 1A: Beginning at age 3

This class is for a child who is mature enough to enter the water alone and follow important safety directions. Level 1A is for a child who has never taken a swim class before and does not like to put their face in the water. This beginner course will begin to teach your child how to blow bubbles, float, and kick their legs on their front and back.

Level 1B: Beginning at age 4.

This class is for a child who is mature enough to enter the water alone and follow directions. Level 1B is for a child who feels comfortable in the water and can put their face under water. They will learn to feel fully comfortable in the water on their own, float on their front and back, and glide by themselves.

Level 2

In this level your child will learn how to swim under water, start learning the front and back crawl, and jump into the water without help. Most children take multiple sessions at this level.

Level 3

To be in level 3 your child must be able to swim from one end of the pool to the other without stopping and without a flotation device. This will be tested in the first class. Your child will improve their front and back crawl, learn the breast stroke, retrieve objects from the bottom of the pool, and tread water.

Level 4

In this level your child will perfect rotary breathing, treading water, front crawl, back crawl, and breast stroke. They will learn the butterfly, flip turns, and the side stroke.

Level 5

In this level, your child will learn to swim the front crawl for 50 yards with a flip turn, back crawl for 25 yards with a flip turn, breast stroke for 25 yards, and elementary backstroke for 50 yards.

Total Immersion Swimming for Adults*

TI gives average swimmers—even beginners, the knowledge, skills, and confidence to become their own best teacher. TI brings hope and a sense of accomplishment to those who have experienced only failure with traditional approaches. The TI technique is healthful, injury free and good to your body. Total Immersion Swimming training adapts easily to any goal.

Adult Swim Training/Skill Building*

This swim class is geared towards swimmers intermediate and above. Taught by WSI and level 3.0 TI Coach George Randall, you will be swimming speed, endurance, and learning good pacing skills. He will address swim technique, form, stroke count, and provide video analysis. Learn how to formulate swim training workouts and get prepped for race season or to improve your swim workouts.

* TI/Adult Swim Training Rates
